PROFILE

My primary professional interest is the engineering aspect of delivering sophisticated yet robust and high-performance products. I fancy equally a broad spectrum of technologies involved in it, starting from programming languages and up to mental models. My expertise lies mostly in web development, but I'm open to growing in other fields.

WORK EXPERIENCE

<i>Atlassian Sydney, Australia</i>	<i>2017–Present</i>	Senior Software Engineer, Atlassian I lead frontend engineering of Advanced Roadmaps (former Portfolio for Jira) since its inception as Portfolio 3.0 through release for Jira Server and to Jira Cloud release. As a member of a fantastic team, I've got a chance to contribute to all stages of product development. <ul style="list-style-type: none">• Designed and documented app architecture.• Organized regular knowledge sharing sessions.• Facilitated cross-team collaboration and alignment.• Led development of a few features.• Implemented series of performance optimizations.• Advised and aided process improvements.
<i>Onsite & Remote</i>	<i>2006–2017</i>	Various roles I believe my recent work experience summarises my profile the best. Just reach me out if you want to talk about my past in depth. Otherwise enjoy the time I saved you ;-)

VOLUNTEER EXPERIENCE

<i>CS Teacher</i>	<i>2016–2017</i>	IT2School, Odessa Run two Computer Sciences & Python courses for children of age 9-18.
